### SECTION I — CRIME CLASSIFICATION & SUBJECT PERSONNEL PROFILE

|                        |                                                                  |                           |                                                             |
|------------------------|------------------------------------------------------------------|---------------------------|-------------------------------------------------------------|
| Subject Personnel ID:  | EMP_1456                                                         | CBSI Risk Score:          | 100/100                                                     |
| Primary Offense Class: | UNAUTHORIZED FINANCIAL<br>EXFILTRATION &<br>EMBEZZLEMENT ATTEMPT | Escalation Class:         | CRITICAL NON-COMPLIANCE                                     |
| Reporting Division:    | BR_17                                                            | Statutory Basis:          | RBI AML/CFT Guidelines   PMLA<br>Sec 12   IPC Sec 409 / 420 |
| Transaction Reference: | TXN_441099488                                                    | Instruction Category:     | Override                                                    |
| Incident Timestamp:    | 2026-07-19 06:04:59                                              | Total Exposure / Quantum: | INR 50,000,000.00                                           |

**Offense Narrative:** Subject personnel **EMP\_1456** executed high-risk activities flagged under **UNAUTHORIZED FINANCIAL EXFILTRATION & EMBEZZLEMENT ATTEMPT**. Primary AI Detection Reason: *[CRITICAL] RCI 100/100 — 6 rule(s) breached. [R03\_NEFT\_DAILY\_AGGREGATE] NEFT Daily Aggregate Limit — NEFT daily aggregate exceeds █10,00,000 per customer. POS: 100, contribution: 65. Ref: RBI Master Circular on NEFT — aggregate daily cap. | [R05\_CTR\_THRESHOLD] Cash Transaction Report (CTR) — PMLA §12 — Transaction meets or exceeds █10,00,000 CTR mandatory reporting threshold. POS: 100, contribution: 85. Ref: PMLA 2002 §12 — CTR required for cash/equivalent ≥ █10L. | [R10\_LARGE\_VALUE\_MONITORING] RBI Large Value Transaction Monitoring — Transaction ≥ █1 Cr — mandatory large-value monitoring under RBI/2024-25/16. POS: 59, contribution: 52. Ref: RBI Circular RBI/2024-25/16 — Large Value Transaction Monitoring. | [R11\_PAN\_KYC\_THRESHOLD] PAN/KYC Mandatory Threshold — Transaction above █50,000 requires PAN/KYC verification per RBI KYC Master Direction. POS: 100, contribution: 65. Ref: RBI Master Direction on KYC (2016, updated 2023) — §28. | [R13\_PMLA\_PREDICATE] PMLA Predicate Offence — Aggregate Daily — Daily aggregate transaction volume exceeds █1 Cr — PMLA Schedule A predicate offence threshold. POS: 59, contribution: 59. Ref: PMLA 2002 Schedule A — Predicate Offences §2(1)(y). | [R14\_FIU\_STR\_FILING] FIU-IND Mandatory STR Filing — Transaction pattern meets FIU-IND mandatory STR filing criteria. POS: 100, contribution: 82. Ref: FIU-IND Master Guidelines on STR/CTR (2023) — §4.2. Context: Multi-rule compound breach detected (6 rules) — 30% escalation applied. IT\_ADMIN privilege multiplier 1.35× applied — lower-rank employees face higher scrutiny for large transactions..* This behavior breaches internal authorization protocols and triggers mandatory reporting under regulatory guidelines.

### SECTION II — CHRONOLOGICAL SEQUENCE OF EVENTS (INCIDENT TIMELINE)

| Timestamp              | Forensic Event & Action Sequence                                         | Monetary Quantum / Scope | Risk Flag               |
|------------------------|--------------------------------------------------------------------------|--------------------------|-------------------------|
| 09:55:11               | DB_Read — Reconnaissance & Target Record Enumeration                     | INR 17,500,000.00        | SUSPICIOUS ACCESS       |
| 10:07:49               | Override — Initial Execution & Exfiltration                              | INR 32,500,000.00        | HIGH SEVERITY ALERT     |
| 2026-07-19<br>06:04:59 | Lateral Session Event — Shared IP/Terminal Audit Trigger (10.17.226.145) | INR 50,000,000.00        | CRITICAL RISK (100/100) |

SECTION III — CONCRETE FORENSIC EVIDENCE & EXHIBIT REGISTRY

| Exhibit Code  | Evidence Domain             | Technical Artifact & Proof Registry                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | Verification Status  |
|---------------|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| EXH-NET-01    | Network & Lateral Forensics | Shared IP Address Overlay: Identified session on 10.17.226.145 matching peer profile. Proxied MAC fingerprint (D1:8B:0E:BD:A5:09) confirms unauthorized terminal sharing.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | VERIFIED — LOG MATCH |
| EXH-FIN-02    | Exfiltration Quantum Audit  | Cumulative monetary/data exposure recorded at INR 50,000,000.00. Transaction channel: SYSTEM.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | VERIFIED — DB AUDIT  |
| EXH-AI-03     | Behavioral & NLP Intent     | VaultMind NLP Agent 4 detected high-risk intent signals in communication logs. Dominant Trigger: [CRITICAL] RCI 100/100 — 6 rule(s) breached. [R03_NEFT_DAILY_AGGREGATE] NEFT Daily Aggregate Limit — NEFT daily aggregate exceeds █10,00,000 per customer. POS: 100, contribution: 65. Ref: RBI Master Circular on NEFT — aggregate daily cap.   [R05_CTR_THRESHOLD] Cash Transaction Report (CTR) — PMLA §12 — Transaction meets or exceeds █10,00,000 CTR mandatory reporting threshold. POS: 100, contribution: 85. Ref: PMLA 2002 §12 — CTR required for cash/equivalent ≥ █10L.   [R10_LARGE_VALUE_MONITORING] RBI Large Value Transaction Monitoring — Transaction ≥ █1 Cr — mandatory large-value monitoring under RBI/2024-25/16. POS: 59, contribution: 52. Ref: RBI Circular RBI/2024-25/16 — Large Value Transaction Monitoring.   [R11_PAN_KYC_THRESHOLD] PAN/KYC Mandatory Threshold — Transaction above █50,000 requires PAN/KYC verification per RBI KYC Master Direction. POS: 100, contribution: 65. Ref: RBI Master Direction on KYC (2016, updated 2023) — §28.   [R13_PMLA_PREDICATE] PMLA Predicate Offence — Aggregate Daily — Daily aggregate transaction volume exceeds █1 Cr — PMLA Schedule A predicate offence threshold. POS: 59, contribution: 59. Ref: PMLA 2002 Schedule A — Predicate Offences §2(1)(y).   [R14_FIU_STR_FILING] FIU-IND Mandatory STR Filing — Transaction pattern meets FIU-IND mandatory STR filing criteria. POS: 100, contribution: 82. Ref: FIU-IND Master Guidelines on STR/CTR (2023) — §4.2. Context: Multi-rule compound breach detected (6 rules) — 30% escalation applied. IT_ADMIN privilege multiplier 1.35× applied — lower-rank employees face higher scrutiny for large transactions.. | VERIFIED — AI FLAG   |
